The Parish Council are currently exploring the possibility of redeveloping and updating both Abbey and Hound Parish Halls and we are looking for feedback from parishioners on whether you would support the idea of works being undertaken on one or both halls. We have provided initial concept designs for both halls which may help you to visualise some of our early ideas, including ideas which would help to pay for the works and provide ongoing commercial returns. These ideas are one of the ways that we could explore to ensure that redevelopment would not result in any increase to the Precept.

We are at stage 1 of this process at present and are currently seeking feedback from parishioners and would ask that you provide us with feedback by either using the form online on <https://www.houndparishcouncil.gov.uk/publicengagementhalls.html> or below to let us know your thoughts.
